UNITED BUILDING – OHIO CITY
Phase I
Phase II
Transit
Existing Station at E. 120th Street

Existing 120th Rapid Transit Station:

- Constructed in 1956 – no significant modifications
- Not ADA accessible – Key Station
- Perceived as unsafe and not secure
- Little to no street presence – entrance is “hidden” next to bridge
- 2nd lowest ridership of all Red Line stations
- Location was chosen over Mayfield due to CTS not operating the bus line on Mayfield.
